

Park Hill Family Practice  
7548 West Sahara Ave. Ste#101  
Las Vegas, Nevada 89117  
Phone: 702-871-3730

Medicare/ Nevada Medicaid Authorization:

I request that payment of authorized Medicare / Nevada Medicaid benefits be made to Park Hill Family Practice for services provided by my practitioner. I understand my signature requests payment to be made and authorize release of medical information necessary to pay the claim. If other insurance is indicated in box 9a of the CMS 1500 Form, or elsewhere on an electronically submitted claim, my signature authorizes releasing of the information to the insurer or agency shown. Park Hill Family Practice agrees to accept the charge determination of the Medicare/Medicaid carrier as the full charge and that I the patient am financially responsible for the deductible, coinsurance, share of cost, and non-covered services. Coinsurance and deductible are based upon the charge determination of the Medicare /Medicaid carrier. I have read, acknowledge, and agree to that above stated terms. My authorization will remain in full effect until I revoke it in writing.

## **What is the “Welcome to Medicare” physical exam?**

The “Welcome to Medicare” physical exam helps you and your doctor develop a personalized plan to prevent disease, improve your health, and help you stay well. A few things you should know:

It’s Free. There is no copayment or deductible for the exam.

Call Park Hill Family Practice when you sign up for Medicare.

You can get the exam during the first 12 months you have Medicare. After the first year, you can get a yearly “Wellness” exam for free.

It is comprehensive. It includes a review of your medical history; preventative test and screenings; and planning for a healthy future.

The exam is covered by Original Medicare (Part B) and Medicare Advantage Plans. Under the new Healthcare law, the exam is now free to those with Original Medicare, and to most people with Medicare Advantage Plans, along with a number of preventative screenings and services (like mammograms and colonoscopies).

## **What should you expect during the exam?**

Record and evaluate your medical and family history, current health conditions, and prescriptions.

Check your blood pressure, vision, weight, and height to get a baseline for your care.

Make sure you’re up-to-date with preventative screenings and services, such as cancer screening and shots.

Order further tests, depending on your general health and medical history.

Following the exam, you will get a plan or checklist with free screenings and preventative services that you need.

## **What should you bring to your “Welcome to Medicare” exam?**

Medical Records, including immunizations and surgical history.

Family History.

Prescription bottles.

Over the counter list of drugs, vitamins, and supplements you are taking.

List of Other Medical Providers you visit and what you see them for.
